PROFESSIONAL PROFILE:

Full Stack Developer with experience in designing, developing and maintaining web applications. Working on projects covering both Front-end and Back-end, standing out in the implementation of efficient solutions and the optimization of the user experience. My experience includes creating mobile-first applications, web pages, and developing APIs, with a focus on quality, problem solving and continuous improvement. With a solid technical background and passion for innovation, committed to delivering exceptional results and adapting to new technologies to contribute to the success of challenging projects.

EDUCATION:

FULL STACK DEVELOPER CORE | OCT 2023 - MAY 2024 | DIGITAL NAO X TECMILENIO

· Development and optimization of user interfaces and systems in the Front-end, using modern technologies to ensure a fluid and attractive user experience.
· Implementation of logic, server management and database management in the Back-end, ensuring the integrity and efficiency of the applications.

DEVELOPER FULL STACK | DEC 2022 - SEPT 2023 | EGG COOPERATION

· Acquisition of programming and development skills with Java, MySQL databases and React.js, focusing on the creation of robust and scalable solutions.
· Application of object-oriented programming principles, exception handling and establishment of database connections to improve the functionality and stability of the software.

WEB DEVELOPER FRONT END | MARCH 2022 - JUNE 2023 | EIDOS GLOBAL - ACCENTURE

· Develop advanced skills in Front-end technologies to improve the creation and design of user interfaces.
· Implement solutions using HTML, CSS, JavaScript and Bootstrap, and manage code versions with GitHub to ensure efficient and organized delivery of projects.

WORK EXPERIENCE:

DEVELOPER FRONT END | IGROWKER | JUNE 2024 - PRESENT

· Actively collaborating in team efforts, I developed and designed web applications with a mobile-first approach, creating intuitive and responsive user interfaces. Implemented event handling and conditional logic for dynamic content visualization. Optimized code by applying best development practices, ensuring efficiency and performance in API integration, and maintained reusable components to facilitate scalability and consistency across projects.
· Technologies used: React JS | Node JS | PostgreSQL | RESTful APIs | JavaScript | TypeScript | Java | Spring | Tailwind CSS | Figma | GitHub | Vercel | Render.

DEVELOPER FRONT END | MAKISAN TECH | JUNE 2023 - DEC 2023

· Development and maintenance of applications and websites, ensuring the quality and continued functionality of the products.
· Improving the user experience and optimizing project performance by implementing best development practices and advanced optimization techniques.
· Technologies used: JavaScript | HTML | CSS | GitHub.

TECHNICAL KNOWLEDGE:

Java | React JS | JavaScript | Astro | Node JS | Spring MVC | POO | SOLID Principles | APIs RESTful | Bootstrap | Tailwind | MySQL | HTML | CSS | GitHub | Vercel | Figma | Postman | WordPress | Trello | Notion | Miro.

SKILL SET:

Agile | Systems Management | Process Optimization | Customer Service | Quality Control | Technical Support | Effective Communication | Adaptability | Attention to Details | Time Management | Creativity | Logical and Analytical Thinking | Teamwork.

LANGUAJES:

· Spanish: Native.
· English: A1-A2.
